Software engineer building full-stack web and mobile apps with applied AI. Experience developing user interfaces, integrating AI models, and shipping production applications. Seeking full-time software engineering opportunities after graduating in December 2026.

EDUCATION

California State University, Chico

Expected December 2026

Bachelor of Science in Computer Science

Coursework: Data Structures & Algorithms, Databases, Web Development, Mobile App Development

Sierra College, Rocklin

May 2024

Associate in Science for Transfer in Computer Science

PROJECTS

Night Owl | *React, TypeScript, Supabase, Vercel Functions, Retell, Twilio, Stripe* | callnightowl.com

- Founded an AI agency for local service businesses: voice agents on Twilio numbers that answer calls, qualify leads, and book jobs onto the owner's calendar or CRM, plus AI lead generation and workflow automations
- Shipped the full client lifecycle: sales call, e-signed agreement, Stripe subscription with metered call overages, and a provisioned dashboard on Supabase Postgres with row-level security

Yap | *Electron, Svelte, TypeScript, Rust, Swift* | *Open-source*, github.com/oobagi/yap

- Built a cross-platform dictation app that records speech through a global hotkey, transcribes and formats it with AI, and pastes the result into the active application
- Integrated on-device Apple SpeechAnalyzer and Local Whisper alongside cloud transcription and LLM providers; added model downloads and transcript history
- Shipped macOS and Windows installers through GitHub Actions with in-app updates, real-time audio visualization, and native overlays

TECHNICAL SKILLS

- | | | |
|--------------------------------|--|--------------------------|
| • TypeScript/Javascript, React | • Supabase (Postgres, Edge Functions, RLS) | • Agent Orchestration |
| • React Native (Expo), Flutter | • Firebase (NoSQL) | • Git, GitHub Actions CI |
| • Python, Node.js | | • Figma, UI/UX |

AWARDS AND CERTIFICATES

Dean's List

Spring 2024

California State University, Chico

President's Honor Roll

Spring, Summer, Fall 2022

Sierra College, Rocklin

EXPERIENCE

Grocery Clerk | *Holiday Market* | *Magalia, CA*

December 2023 – Present

- Stock and organize grocery inventory, maintain accurate stock levels, and assist customers during busy shifts.

Shop Technician | *Barrett Business Services* | *Roseville, CA*

July 2021 – April 2023

- Operated a CNC router to fabricate aluminum composite panels from engineering files.
- Managed shop floor inventory of ACM materials, ensuring timely reorder communication to prevent production delays on large-scale client projects

Barista | *Starbucks* | *Carnelian Bay, CA*

May 2021 – July 2021

- Prepared drink orders accurately and efficiently during peak tourist season.

Ski Lift Operator | *Northstar California Resort* | *Truckee, CA*

January 2021 – May 2021

- Operated chairlifts and helped guests load and unload safely, as well as navigate around the mountain.
